### Protect Common Bat.

San Antonio, Tex., Oct. 28.—As a result of the definite proof presented by Dr. C. A. R. Campbell of this city that the common bat is the natural enemy of the mosquito and destroys thousands upon thousands of the insects each year, the Bexar County Medical Society will ask the next legislature to pass a law protecting the animal from being killed. The general cultivation of bats in mosquito infected portions of the country is strongly recommended.

As a result of months of exhaustive experiments Dr. Campbell has discovered one bat in twenty-four hours will destroy for his daily food supply an average of 529 mosquitoes, or during his lifetime an average of 117,000,000 mosquitoes which infect a city with a population of 200,000 with malaria.

Dr. Campbell discovered that the bat has been a particularly maligned little animal. It is free from disease of any kind, because of its food, its habits and its peculiar germ proof form. The bat flies continuously for twelve to fourteen hours and in gathering its food the bat will often cover a distance of 150 miles.

The commercial features of the cultivation of bats is also strongly emphasized by Dr. Campbell. He asserted that the guano which has a ready market all over the world, from one bat cave with only 500,000 bats, will sell for \$500 a year, and that a good sized bat roost with 2,000,000 bats will yield its owner \$2,000 a year.

The experiments of Dr. Campbell will be continued, his idea being to have the bats introduced into every home as pets and not things to be abhorred as they have been in the past.

### The Twilight of Life.

The muscles of the stomach in old age are not as strong or active as in youth and in consequence old people are very subject to constipation and indigestion. Many seldom have a bowel movement without artificial aid. Many, also have unpleasant eructations of gas from the stomach after eating. All this can be avoided by the use of Dr. Caldwell's Syrup Pepsin, which permanently regulates the bowels so that passages come naturally, and so strengthens the stomach that food is digested without discomfort. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Cladwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

The wise father will aim to bring up his children in the way that he should have gone!

### Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by W. H. Windrow.

It is better to shed tears over a stage tragedy than never to feel an impulse of sympathy.

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by all dealers.

## A Good Example

"I am a good example," writes Mrs. R. L. Bell, of McAlester, Okla., "of what Cardui will do for suffering women.

"I suffered with my head and back, for over six years, and although I tried everything, I never could get anything to do me any good, until I began to take Cardui.

"Cardui has surely helped me and built me up and I am so thankful that I have found something that will do me good. I feel so much stronger and better than I have in a long time."

It is well to make up your mind before you are sick what medicine you will take when you are sick.

**Dr. Pierce's Favorite Prescription**

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

**THE ONE REMEDY** so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Wilhelmina Biediger were united in the holy bonds of matrimony, at St. Louis Cathedral Tuesday morning October 25, 1910, Rev. Father A. Heckmann performed the ceremony. The attendants were Mr. L. T. Ahr and Miss Pauline Kempf, Mr. Rudolf Zinsmeyer and Miss Alma Krusch, Mr. Jos. Tondre and Miss Lizzie Halbardier, Mr. Hy. Biediger, where a reception was tendered the happy young couple, and then a sumptuous wedding breakfast was partaken, and the rest of the day was spent in feasting and celebrating the happy event. A free double wedding dance was then given at night at Wernette's Opera House in honor of the young couple, and also Mr. and Mrs. Phil. L. Wernette, the occasion being their eighteenth wedding anniversary. The same was largely attended and very much enjoyed. We join the many friends in wishing both couples long life, happiness, and prosperity.

Mr. John Tondre and family of Marion and Mrs. Emilie Wallace of San Antonio, attended the Ahr and Biediger Nuptials Tuesday.

We are informed that a deal was closed Wednesday, wherein Col. J. B. Wernette has sold his farm and ranch situated a few miles above town to Capt. L. W. Burell. All live stock was included.

Jose Wernette of San Antonio was a Castroville visitor Wednesday.

Mr. Jos. Forst returned Thursday from an extended visit to friends in the northern and western part of the county.

Mr. Aug. Schorp of San Antonio paid a short visit to relatives and friends here Thursday.

Friday morning's cold snap played havoc with cotton, cane and garden truck, especially along the river.

Mission Services were held at the Lutheran Church both in morning and afternoon. Rev. Walter Kralick was ably assisted by Rev. N. Frueh of Salado. The services were well attended and contributions were liberal.

Mrs. H. B. Taylor and son, Oscar, and Misses Mollie and Lorine de Montel, of Hondo attended church at Castroville Sunday.

Mr. and Mrs. Jacob Weber of San Antonio were Castroville visitors Sunday.

**A Handsome Woman**

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.

**Letter to A. P. Jones.**  
HONDO, TEXAS.

Dear Sir: Let's have a little private talk by ourselves on business; nobody else, please, read.

You want to know how to do a cheap job of painting, and have it look good. Here it is: The cheapest thing there is in the way of a good-looking job—say nothing about its being good—is Devoe; the regular thing in Devoe.

The reason is: Devoe goes further than anything else. Lead-and-oil is good-looking; don't go so far and costs more. The other paints are more or less short in one way or another; don't go so far and costs more than Devoe.

Devoe costs least of all; you don't mind its lasting longer, do you? We can't help it; a paint that goes further lasts longer; we can't help it.

Yours truly,  
F W DEVOE & CO.

**Thanks.**

Thanking the people of Medina County for the kind reception they have given me as a stranger candidate, I close my election campaign with the following statement: I have endeavored to conduct the canvass on a high plane, saying no evil of any one.

I have been in Medina County about one and a half years.

I have been in the state of Texas about thirty-five years.

I have made no promise to any one except that contained in my circular, viz., if elected to do my duty UNDER THE LAW without prejudice or partiality.

Whatever the result I shall gratefully remember your kindness.

With best wishes to all, I remain,  
Your friend,  
J. H. BISHOP,  
Candidate for Superintendent of Public Instruction of Medina County.

## RACERS WILL FROLIC MEXICO'S FINE EXHIBIT

INTERNATIONAL FAIR OFFERS ALL SORTS OF RACES NEXT MONTH.

### OLDFIELD WILL RUN

Morse, Auto, Motorcycle and Airship Races Daily and Many Handsome Prizes and Prizes Offered.

The San Antonio International Fair offers the race-loving portion of the public a veritable run for its money this year, according to the program agreed upon by the Fair management. There will be horse races, motorcycle races, novel airship races, futurity races and many athletic contests that will smack of racing in one form or another. These are not a day of the sixteen but has two or more different kinds of racing.

In every instance substantial purses, handsome awards and special prizes have been offered, and the contests promise to be conducted on a clean, high plane. The Fair Association has been very liberal this year in its purses, and the different business concerns, clubs and fostering associations have been very active in offering special prizes in the different races.

There will be horse races every day except when there are auto races and motorcycle races scheduled. Fans of fast horses are very interested in the Fair this year, and the entry books already show an excellent array of animals ready for the jockey and harness straps. The saddle races and the harness races will be alternated on the Fair's racing program, as will also the distances of the races. The track has been worked over for the automobiles, and the oil which has been liberally spread on will act as a sure starting turf, but as a smooth track after the run is on. Sporting men from all quarters are inquiring of the conditions expected to prevail at the races this year, and the outlook is for a swarm of sports from all parts during the horse-racing days.

The best auto races ever held in Texas will be run during the Fair this year. Barney Oldfield and his corps of professional followers will be in San Antonio, besides a number of local racing men, such as Tobin DeHamel, who ran in the Vanderbilt Cup Race, and others equally as famous. The San Antonio Auto Club has taken a very active part in arranging the details of the races, and have co-operated in a pecuniary way with the Fair management, in order to secure the best possible races. The track has been regraded, rolled and oiled until it is conceded to be the best three-quarter mile circular track in the world. Heretofore the auto races have been the last four days of the Fair. Upon recommendation of the American Automobile Association the dates were changed this year, and the races will be run November 10, 11 and 13, thus taking two of the principal days, San Antonio Day and Mexico Day.

There will be eighteen motorcycle races, making a two days' racing program—Sunday, November 6, and Sunday, November 20. In each of these races substantial prizes have been offered by the Fair Association and local athletic organizations. The San Antonio Motorcycle Club is very much interested in these races, and several gold medals have been offered.

Strobel's celebrated airships will contest in daily races. These races will be especially novel and interesting and will be participated in by dirigibles, balloons, airships, aeroplanes and other air craft. This feature of the daily program is expected to attract many persons to the Fair, especially the evening races by searchlight.

The futurity races of the Fair promise to be exceptionally good. From the number of nominations the contests will be very close and interesting, and the winners of the liberal purses will be handsomely rewarded. The races will be for two-year-olds bred in Texas and the distances will be six furlongs. These races will be under the auspices of the Texas Thoroughbred Association, and the value of the races will amount to \$2,000 approximately. It is expected that out of ninety-six nominations in 1928 there will be at least twenty-five entries for starting.

### SAN ANTONIO DOG SHOW.

Many Canines Will Be Shown at the International Fair.

The second annual bench show of dogs, given under the auspices of the Lone Star Field Trial Club, which will be held during the International Fair, Tuesday, Wednesday, Thursday and Friday, November 8, 9, 10 and 11, promises to bring out the best array of canines ever shown in the South.

An elaborate premium list has just been issued, and dog fanciers in all parts of the country are anxiously inquiring about the show. The premium list shows twenty-five silver loving cups, which will be special prizes offered by different San Antonio firms. Each of these special prizes is very valuable, and the great number were secured through the efforts of Albert Frank, superintendent of the dog show. Besides the cups there are substantial cash prizes and other trophies to be awarded to winners in the different classes. The premium list shows 400 different classes and 150 different breeds.

REPUBLIC TO HAVE GREAT SHOW AT INTERNATIONAL FAIR.

### EXCELS ST. LOUIS SHOW

Finest Textiles, Hangings, Fancy-Work and Products of Mexican Industry to Be in San Antonio.

As in years gone by Mexico's exhibits at the San Antonio International Fair, November 5-20, will form an important part of that great exposition, especially from the visitor's point of view. The sister republic has willfully sent the best of her products to San Antonio to place on exhibition, and this year no pains have been spared by this country in preparing for the Fair.

Albino R. Nuncio, of Mexico, Commissioner of Fomento, is the special appointee of President Diaz and the government officials, and will have exclusive charge of Mexico's products at the Fair this fall. Commissioner Nuncio is now in St. Louis and New York purchasing several hundred dollars' worth of new cases and supplies that will be used in the exhibits. Eight carloads of show cases are now in San Antonio, but because of the great increase in the amount of products to come from the republic next month the additional expenditure for cases was made. These products will begin to arrive from Mexico about October 20, in time for the setting up and arranging before the opening day of the Fair.

All manner of Mexican industry will be represented in the exhibits—from the rough hand work of the lower classes in buckets, baskets and hats to the finest textiles, hangings and fancy-work of the scientific workman and modern machinery—all will be shown. There will be the agricultural products, with their modes and manners of raising under all sorts of farming conditions, the finished products of the spinning and weaving mills, handicraft products and the out and by-products of the government factories. In speaking of Mexico's exhibits this year, Mr. Nuncio says:

"The exhibits from the republic in November will not only be the best ever shown in San Antonio, but positively the best ever shown outside of Mexico. What the visitors to the International Fair will see in the Mexico department this year will be products never sent for exhibition purposes before by the Mexican republic. The exhibition will far surpass what we showed at the World's Fair in St. Louis in 1904."

Commissioner Nuncio is asking for one-third more space than has ever been asked by the Mexican government, and the Fair management stands ready to furnish more than is being asked for, should it be needed.

Attracting a deal of attention is the coming to San Antonio from Mexico next month of the famous Zapadores Band, which organization will furnish the outdoor music during the sixteen days of the San Antonio International Fair. This band is made up of sixty men, and is considered one of the best bands of the republic, ranking, in the opinion of musical experts, equal to the famous Police Band of the City of Mexico. The Zapadores, called the Musica del Batallon de Zapadores, have been detailed to play in San Antonio during the Fair by President Diaz himself, and will arrive in the city about November 3. During the Fair two open-air concerts will be rendered daily by the Zapadores—in the afternoons and in the evenings—since every forenoon will be given over to practice.

The National railway lines of Mexico will offer specially low rates during the sixteen days of the Fair. Exceptionally low rates will be on for Mexico Day, Sunday, November 13, enabling persons to leave Mexico City and intermediate points Friday night and return the following Tuesday. Mr. Nuncio asserts that these low rates will insure many thousands of visitors who have never before been out of the republic.

### ATHLETES WILL COMPETE.

Field Day at International Fair Will Be Interesting.

Entry lists of the track meet to be held "Field Day," Saturday, November 19, at the San Antonio International Fair, November 5-20, have been sent out to all educational institutions and athletic organizations in Texas with the view of interesting them to the extent of sending athletes to the Fair for the contests that day.

The Fair association has been generous in its arrangements for this day. It has offered to pay the traveling expenses of two athletes from each college or preparatory school in the State that may wish to send men to San Antonio for the big meet. Many institutions have already announced that they would be represented by from four to ten men, while some are just arranging to send the two.

The Field Day events are assured of some of the best athletic talent in the State, and it is expected that several inter-collegiate records will be broken. A. F. Dugosh of the local commission of the Amateur Athletic Union is secretary of the meet, and in his hands rests many of the minor details yet to be worked out.

## GERMAN DAY PLANS

GREAT PARADE OF REPRESENTATIVE FLOATS ON NOVEMBER 17.

### BIG SKAT TOURNAMENT

Thousands Will View Celebration at Houston Which Forms Portion of Annual No-Tsu-Oh Carnival Program.

There is not a day of the great No-Tsu-Oh in Houston, that is so replete with national significance as is the one celebrated by the German contingent. German Day. It might be stated here that German Day in other communities is not the one celebrated during the No-Tsu-Oh. But owing to the fact that the two events came so closely together, and that the participants in one were participants in the other, it was decided to blend the pomp and magnificence of the two occasions, the result being that November 17 has been set apart and will be known as German Day.

It has been said that this day is one of the most popular of the entire No-Tsu-Oh, and it is perhaps true. This is due, no doubt, to the fact that a great German population resides in Houston, to all of whom, the ways of the Fatherland are dear. Then, too, not far from Houston are the German settlements, each one of which pours its people in upon Houston on just such occasions. All German Days in Houston have been notable events, and all have been more notable since the combining of the day with Houston's biggest event, the visit of King Nottoc.

On this occasion there will be one of the usual fantastic parades. The parade will be a repetition of no others, all being startlingly new. Twelve giant floats will form the principal feature, two of which will represent the Houston Ship Channel, and Houston agricultural progress. The other floats will represent Columbia and Germania, Wooten and Brunnehlde, Lorelei, William Tell, Lohengrin, Sleeping Beauty, Cinderella and Snow White.

There will be other floats that will be representative stories within themselves. Following the floats will be private carriages, bearing the prominent speakers of the day, and prominent Germans residing throughout the State.

Those who have witnessed a German Day parade need not even a mere statement as to the class or character of the features portrayed. The pageant will be done in gorgeous color, and with the most artistic effect in order that the colors may not, in the sun rays, appear cheapened. This is one feature that is overlooked in night pageants. Most any gilt or tinsel will show to advantage under electric or torch light, and even cheapness gives brilliancy to an occasion. But not so with the daylight parades. During the last visit of King Nottoc, when the German contingent marched through the streets in daylight, and their floats were exposed to the careful scrutiny of the throng of people, and one of the by-standers turned away with the remark:

"Those floats look like the goods it self and not a bit of make believe."

One of the events of the day will be the "skat" tournament pulled off at Turner Hall during the afternoon. This will be participated in by various up-state players and a great time is expected. Turner Hall and grounds will, as in former years, be turned over to the visitors in Houston on that day. Public speaking, games of all sorts, and then an evening of fun in Wonderland that will make up the celebration of German Day at the No-Tsu-Oh, November 17, 1919.

### AN INTERESTING PROGRAM.

Carnival Week at Houston Promises to Be the Greatest One.

There will be enough variety in the week of carnival at Houston this year to please all tastes. The dates fixed for the reign of good King Nottoc are from November 14 to the 19th, inclusive, and about everything in the way of amusement has been provided. The first of the big parades will be the pageant which will mark the King's arrival, then will come the great football game between A. & M. and State University and the opening of the amusement park. Other big events will be the great illuminated parade, the gorgeous flower parade, the gathering of the Texas newspaper men, the traveling men and the farmers. There will be music by a hundred bands, and fire works displays and no end of free amusement while the confetti battles are raging on the streets.

### HOTEL ACCOMMODATIONS.

Houston Has Made Ample Preparations for the Carnival Crowds This Year.

There will be ample hotel accommodations in Houston this year during the big No-Tsu-Oh carnival. Several of the hotels have been enlarged since the annual festival last year, and it is stated that there will be room for all who go to take part in the confetti battles and to take in the sights and sounds of the big frolic.

"Big Ben" Incorrectly Named.  
"Big Ben," the bell in Westminster clock tower, London, is known the world over, but it is incorrectly named. Sir Benjamin Hall, the first commissioner of works, during whose tenure of office the clock was erected, had far less to do with it than Lord Grimthorpe, who designed it, and was the moving spirit in its erection. In justice to him it should be known as Old Grim.

## "You Can Fool All the People Part of the Time and Some People All the Time"

It is a very common occurrence for some piano dealers to advertise a lot of unknown makes, of unknown value, at prices that are supposed to effect a saving to the buyer, but eventually the unsophisticated discover that their supposed bargain was a rather expensive purchase.

Our instruments are standard makes and priced in accordance with their intrinsic value. Every piano in our salesroom bears the guarantee of the maker in addition to our own. When you purchase a piano at this store you can depend on the quality and by reason of our one-price method you know positively that some other individual has not bought a similar instrument at a lesser cost.

The cultivated, the discriminating, the prominent, almost always use one of these makes:

MASON & HAMLIN, HARDMAN, BUSH & GERTS, HARRINGTON, HENSEL

The greater the pianist's ability, the more cultured the ear of the hearer, the higher will be the appreciation of the rich and colorful tones of these instruments. They embody a distinct individuality, bringing to the surface the best there is in composer and pianist alike. Our easy payment plan will enable you to use the piano while paying for it. Old instruments taken in exchange.

## You Can Live One Year For What You Now Spend to Live 8 Months

### PURE FOOD GROCERIES

SPECIAL BARGAINS MARCH-APRIL

Are Living Expenses Really High?

Montgomery Ward & Co. Chicago, Kansas City

If you could buy all the groceries you need to last you an entire year for what it now costs you to live only eight months, that would mean a big saving to you. That is exactly what our proposition means to you, and we are very anxious to have you give us an opportunity of proving that we can save you at least one-third on all your grocery purchases. If you will write us a letter or a postal card today—right now—and say, "Please send me your grocery catalogue for September and October," the day your letter reaches us we will send this very valuable catalogue to you by mail, postpaid. No matter what you need in groceries you are sure to find it listed in the pages of this free grocery catalogue and at a considerable reduction from the usual retail prices. We give you in this advertisement just a few quotations taken from our Chicago grocery catalogue which will show you the prices we regularly charge for these well known articles. Compare these prices with the prices you have been in the habit of paying and we are very sure you will find that the saving is well worth while.

Another interesting feature of this special catalogue (which we will be glad to send you free) is the fact that we offer our very best values in other lines of merchandise in its pages from time to time. This grocery catalogue is issued new every sixty days because grocery prices fluctuate more or less, and oftentimes we find that we are unable to supply sufficient quantities for another season's cataloging, and for many other reasons we frequently sacrifice the stock on hand, and when such occasions arise we offer these special bargains in our grocery catalogue. You will be surprised to learn how often you will be able to save even one-half or two-thirds of the usual prices on high grade, seasonable merchandise. It is therefore not only a valuable book because it quotes the lowest possible prices on high grade pure foods, but also because it brings you very unusual offerings on other lines of merchandise which you require from time to time.

**Why Our Prices Are So Low**  
Our methods of buying and selling merchandise are unlike the methods employed by retailers generally. We buy our merchandise in the primary markets from the manufacturer or the producer, or the grower, and then pass them along to you with just one small margin of profit added. As a consequence, you pay none of the expenses which are added in the selling price of goods by the average retailer who buys from jobbers and producers and traveling men, because we receive no commissions or profits in our prices to wholesalers, jobbers, manufacturers' agents, no expenses to traveling men and their hotel bills and railroad fares. You have no idea how much our new methods of buying and distributing merchandise have reduced cost of the best merchandise. Our free grocery catalogue tells the story more eloquently than we could tell it here. Every page is filled with interesting price quotations. We number millions of customers who find it profitable and very satisfactory to send us their orders; and if you will send one cent for a postal card and get this free book, we feel sure that it will show you the way and the address is at the store nearest you, 10th and Campbell Streets, Kansas City, or Chicago Avenue Bridge, Chicago.

**BIG FOOTBALL GAME**

Record Crowd to Witness Game Between A. and M. and State Varsity at Houston.

"Just a chance to take some of that money back."

That is one of the sentiments expressed by the husky football team of the University.

"Just another chance at those stereotyped dudes from the State capitol."

An entirely different sentiment, but one that has its domicile in College Station, where live the students of the Agricultural and Mechanical College.

Last year the farmer boys forced the University chaps to swallow two very bitter pills, one during the Houston No-Tsu-Oh and the other at Austin on Thanksgiving, when they, on the first occasion, they romped upon them, while they had them prostrate in the mud. The Thanksgiving affair was a trifle more dignified, but on both occasions the humiliation of the Varsity was complete. It is even said that some of the Agricultural and Mechanical students are living yet on their winnings from the zealous University enthusiasts.

All of which portends a great game when the two teams meet in Houston during the Houston No-Tsu-Oh, the date selected being November 14.

It has been announced that the capacity of the grand stand will be doubled. It will hold ten thousand people for the great game of the year. The students of both the University of Texas and the Agricultural and Mechanical College will arrive on the night of November 13, and will be active participants attending the arrival of the king, who arrives in the city on the morning of November 14. They will attend the King in the afternoon at the West End park, after which the armed escort will disband.

## PRODUCTS FROM FARMS

AGRICULTURAL DEPARTMENT AT INTERNATIONAL FAIR VERY COMPLETE.

## MANY COUNTIES ENTER

All Space is Gone for Products of the Farming Industry—Best Showing in Years from all Parts.

The Fair management of the San Antonio International Fair, November 5-20, has been at its wits' end more than once this year to know exactly what to do with all the agricultural exhibits at this year's exposition. Every inch of space in the monster Agricultural Hall, 250 feet square, has been contracted for, and already some producers have seemed disappointed at the small space allotted them. The complete filling of this hall with agricultural products from every corner of this great State means the showing at the Fair this year of the farmer's industry as has never before been witnessed in Texas.

However, the directors of the Fair Association are positive that all products that come will be taken care of. The enormous showing made last year, despite the fact that 1909 was the driest season in the history of the State, were the best in the recollection of Fair visitors, but those having charge this year declare that the products coming from Texas farms, gardens and orchards will easily eclipse the showing made last year. Last year's exhibitors were pleased, and a large per cent will return, and with them hundreds of persons who have never shown their products at a San Antonio Fair before.

A. M. Pyron, superintendent of the agricultural department, has been traveling all over Texas for the last three months, arranging for exhibits from different localities. He has succeeded beyond his fondest expectations. With the bumper crops in most parts of the State, and the recent rains, the Agricultural Hall will be one solid glory of the farmer's products.

The chambers of commerce, boards of trade and commercial bodies in cities and towns in all portions of the State have become greatly interested in the International Fair this year. The management has received wagon-loads of mail from the secretaries of these organizations telling of exhibits that are being gathered for the Fair. There will be exhibits from Amarillo, from Brownsville, from Beaumont, from El Paso—in fact, from nearly every county in the State. The products will be those from dry-farming methods, those raised by irrigation, those from the rice belt, those from the plains and cross timbers—products from every sort of soil and climate the State can boast of will be on exhibition at the Fair.

Individual county exhibits, where the county officials have authorized the gathering of products for display, are as follows: El Paso (with all the Rio Grande country), Travis County, Barstow, Waco, Houston, Longview, Sulphur Springs, Dallas, Orange, Brownsville, Beeville, Taylor, Georgetown and many other cities, towns and counties.

Several commercial clubs of the great Southwest Texas territory have banded together and will give a joint monster exhibit of the products of the Lower Rio Grande Valley and tributary lands to San Antonio. This will be one of the most interesting exhibits.

Taken all in all, the farmer will be well represented at the 1910 International Fair. The Fair directors are well aware that they are setting a precedent this year in matters of agricultural exhibits and space that will be followed in the future. They feel certain that nothing short of a real calamity can prevent the showing of products from the soil this year to be the greatest in the history of the Southwest.

### SHEEP AND GOAT RAISERS.

The annual meeting of the Texas Sheep and Goat Raisers' Association will be held in San Antonio during the International Fair, November 5-20. The exact dates are Thursday and Friday, November 17 and 18. This convention will bring many breeders of sheep and goats to the Fair. It is understood that an effort will be made to reduce the import duty on wool and mohair by the next Congress, and sheep and goat raisers everywhere are organizing to fight this proposition. The wool and mohair tariff questions will be discussed at the convention in San Antonio as well as the necessity for more stringent wild-animal laws and bounty laws. A large delegation is expected to this convention.

### WOMEN HANDY WITH NEEDLE.

The Woman's Department of the San Antonio International Fair, November 5-20, promises to be exceptionally exhaustive this year. Mrs. J. M. Vance, superintendent of this department, announces that there will be exhibits from all parts of the United States. Excellent showings in every class of needle and fancy-work will be made, many entries already being made and other contestants registered. There is no doubt about the high grade to all exhibits this year, and the array of products to be shown guarantee much interest among the women who compete with needle, thimble, thread, knitting, fancy sewing, embroidery and china painting.

**COMPENSATION**

Compensation is the term applied to the methods used to secure a uniformity of time in the varying temperatures to which a watch is exposed. The cause of the error is the expansions and contractions of metals.

The South Bend Balance wheel is made of two metals of unequal expansion, so proportioned, one to the other, that the expansion and contraction is neutralized perfectly. A South Bend Watch keeps time in all temperatures, as well as in all positions.
